This home sits on a lovely lot with mature hardwood trees, established perennial gardens and plenty of space to enjoy the beauty of nature year-round. As your guests enter they will be greeted by the impressive staircase leading to the top floor. On the right is a 250 sqft room with two windows overlooking the front yard, a chandelier and french doors. On the left is a 240 sqft room with wood burning fireplace and a matching wood storage box. The kitchen is next with patio doors to back deck. Also on this floor is a smaller cozy room which would be perfect for a den facing the backyard, an office, a half bathroom & a laundry room. On the upper level we have a primary suite with walk in closet and a washroom with ceramic tiled shower. The other two rooms are also oversized with large closets and there is a full washroom with tub. Above the garage is 380 sqft 'bonus' room with exposed beams which needs to be seen. The basement is full concrete, undeveloped, high & dry. All this with the bonus of a detached double garage with unfinished loft. While this home can use a few cosmetic updates it is move in ready waiting for your personal touches. (id:6289)
