\$439,900

3 Bedroom, 3.00 Bathroom, 1,305 sqft

Single Family on 0.21 Acres

N/A, Whitecourt, Alberta

There is something for everyone here. How about starting with a great location in the Hilltop area, backing onto a large playground with the new playground set right behind your yard. That yard is fully landscaped and fenced and features 3 raised planters, a matching garden shed and a large rear deck off the kitchen PLUS a private sunken patio at the end of an 11' x 61' RV parking pad. Inside the 1,305 sq.ft. bungalow you first see a large living room with hardwood floors and a wood burning fireplace. The kitchen and eating are combined with access to the rear deck, such great views. There are 2 bedrooms, plus an office that has direct access to the garage. And you should see the garage, WOW! Pretty cool. The basement is all developed with recent renovations, including 2 more bedrooms and a big office, 4 pc bathroom and utility/storage room, as well as a Family room with it's own fireplace. And although you missed the season, there is also Central Air Conditioning too. Come check it out. (id:6289)
