Nestled in the heart of nature, this 300-acre property offers breathtaking views of Tad Lake and its surroundings. It holds strong potential for recreation, a hobby farm/ranch, joint family or friend living, and other ventures. With RA1 zoning, the property permits the addition of a second home. The main residence features 3 bedrooms and 2 bathrooms with an open floor plan that captures lake views. Fencing and cross fencing were completed in 2018. A chicken coop, spacious 24x24 barn with power and water, and a detached powered shop add to the property's functionality. The area is a recreational hotspot for snowmobiling, quading, biking, kayaking, paddleboarding, fishing, and boating, with a golf course and ski hill nearby. Don't miss out on this rare opportunity!
